

STANDARD CRADLE

The Standard Jason's Cradle® is proven to aid in the safe and speedy recovery of man-overboard victims in the preferred horizontal position.

They are currently in service globally and are considered a vital piece of safety equipment. SOLAS Approved and guaranteed for 3 years.

'JASON'S CRADLE®' QUITE SIMPLY WE SAVE LIVES...

- The Standard Cradle is simply fixed to the deck or rail to enable deployment within seconds
- The Standard Cradle can be easily rolled up for stowage
- Deployment of the Cradle forms a non-collapsible scoop
- The casualty is guided into the cradle head first
- A Strop and/or Hauling lines are pulled to close the loop
- A co-ordinated & methodical lift takes place & the casualty is retrieved by rolling onto the deck in the medically preferred horizontal position
- Bespoke Standard Cradle's range from 530mm to 1050mm Wide and 2290mm to 6870mm Long

All Jason's Cradle® units carry our manufacturer warranty of 3 years excluding clips, strops, hauling lines, stowage bags and other additional fittings that carry the usual 1 year manufacturer's warranty.
